

Article Processing Charge Waiver and Discount Options

- Priority for waivers and discounts to the articles for which the authors are based in a country eligible for the [Research4Life program](#).
- Waivers and discounts will be considered on a case-by-case basis, if an author (or group of authors) from a non-Research4life country cannot afford the article processing charge.
- Waiver or discount may be requested at any point in the editorial workflow (pre-submission to acceptance). Author's ability to pay and waiver or discount request will not affect the editorial peer review outcome.
